

PROJECT MANAGEMENT ESSENTIALS

FOR NON-PROJECT MANAGERS

Join us for a two-day workshop aimed at introducing project management concepts and providing you with techniques to effectively manage and participate in small projects.

Students will learn to apply elemental basics of project management to their work and create action plans for on-the-job application.

Register today and learn how to manage small projects with a structured approach to ensure success!

August 2-3, 2017
Anchorage, AK

Registration \$100
Register by July 14

A limited number of travel scholarships will be available for rural participants.
